

Colt - Harry (B. - Feb. - 24)

Dec. 1 - 1927.

Health - fair, subject to colds

Body - tall, slight, not gained in wt. this year,
kinesthetic - poor.

Report of progress

1927-28.

- Dec. First two lessons wanted me to play with him, but resented all advances toward posture. Seemed fearful of what I might do. 3rd lesson much better. Mother in house may have given sense of protection.
- Jan. Love to show baby sister how to do ex. Cannot do very much in teaching body myself (lacking in muscle feel), enjoys ex. because games.
- Feb. Improvement shows in general bodily attitude. Has gained 1 pd. in weight.
- Mar. Has had colds this month. Let's me work on him more
